Multi-Clean[®]
Your Guide To Clean

Carpet Care Products

Extraction

Concentrated for Economical Use

Extraction is a concentrated, low foam detergent for use in all types of hot water extraction equipment. Will not promote resoiling.

Super Synthe-Clean™

Synthetic Detergent with Fast, Thorough Cleaning Action

Super Synthe-Clean is a high foaming shampoo for rotary brush cleaning of carpets.

Pre-Treat

Traffic Lane Pre-Spray for Carpets

Pre-Treat is a concentrated synthetic cleaner formulated with detergents and solvents to loosen soils prior to extraction. Also great for use with spin bonnet cleaning.

Spin Shield

Cleans and Treats Carpet, Contains Advanced Soil Repellent

Spin Shield is a special product for spin bonnet cleaning that combines detergent and fiber protection properties in one product. As the carpet is being cleaned an advanced fiber protectant is also being applied that repels oily soils.

Back to 7

Carpet & Hard Floor Conditioner

A neutralizing rinse for carpet. Also removes de-icing salt residues in carpet and hard floors.

Defoamer

Use in Extraction Machines and Wet/Dry Vacs

Defoamer is used to knock down foam caused by detergent solutions.

Odor-Out

Destroys Odors on Contact

Odor-Out is a versatile product - a highly concentrated deodorant that can be sprayed, mopped or wiped on surfaces that are not harmed by water. Great spice fragrance.

Take Out

Enzyme-Detergent Spotter System

A high performance carpet spotter formulated to remove food stains. The first choice anywhere food stains, vomit, blood or grass stains may occur

ECO₂ Carpet Cleaning System

Encapsulating Cleaner with O₂xygen

A new, low moisture cleaning system that returns cleaned carpets back to service faster.

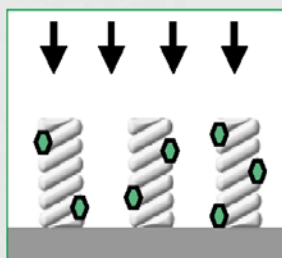

- Encapsulating polymer captures and surrounds dirt.
- Clean carpets are quickly put back into service.
- O₂xygen power destroys odors and removes soil.

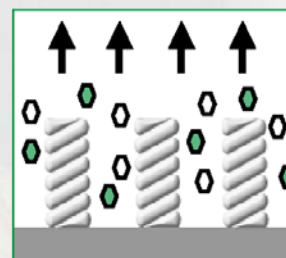

Here's how it works...

Soil particles and greasy dirt attach to carpet fibers.

ECO₂ surrounds and encapsulates dirt and greasy soil.

Vacuum agitation breaks up encapsulated soils for easy pick-up.

Fast Drying

Odor Control Products

Odor-Rite Fresh and Tropical are advanced concentrated deodorizers designed to eliminate most malodors found in hospitals, nursing homes, schools, hotels, casino's, RV's, office buildings, public restrooms, etc.

Odor-Rite contains enzymes which will continue to attack odors for continued freshness. Leaves surfaces with a tropical citrus scent.

Eliminates odors caused by: Smoking, cooking odors, urine, vomit, mold, mildew, fires, pets, garbage pails, bed pans, drain traps, carpets, upholstery etc.

Odor-Rite is scientifically designed to eliminate odors, not just mask them.
