Multi-Task™ System

The Wave Touchless Cleaning System

Kick the Bucket Toss the Spray Bottles Catch The Wave

The Wave makes touchless cleaning of restrooms faster and more productive. The battery powered unit can properly dilute and dispense Multi-Task concentrates directly onto restroom surfaces to clean and disinfect. Other uses: dumpster deodorization, athletic equipment cleaning, locker rooms, shower rooms, wrestling mats, vehicle cleaning/detailing, and wheel chair cleaning.

The Wave Productivity!

- Clean and sanitize restrooms in less than 1/2 the time it takes using conventional mop buckets and spray bottles.
- Save more than 50% combined labor and chemical costs.
- Use less water and chemical while improving overall sanitation.
- No cords or hoses, simply spray and squeegee into drains.

Soap Dispensers

Dispensers are available in regular or high output, white or smoke, and liquid or foaming. A Touch Free dispenser is also available for today's hands free restroom.

Foaming soaps use up to 40% less soap per wash compared to liquid soaps. The Multi-Fresh Foaming products are designed to dispense creamy foam directly into your hands.

Touch Free Dispensing Stand allows for sanitizing hands anywhere. Mount a Touch Free dispenser, fill with Alco-Cept or Sani-Foam Hand Sanitizer, and place in a high traffic area.

Foaming soap dispensers are available in white, smoke, touch free, and high output. Refillable cartridges are available through your Multi-Clean distributor.
