Your Guide to Clean

Court Shield Waterborne Products

The Court Shield line of wood floor products are high performance specifically designed to hold up to rugged use on today's wood floors. The advanced waterborne technology in Court Shield finishes offer superior durability to conventional solvent systems without the odor, long application time, and slow dry time of solvent products.

Pro-Floor Extreme

The ultimate in durable performance, Pro-Floor Extreme is a catalyzed premium waterborne urethane based finish offering unbeatable resistance to scuffing, marking, and scratching. Ideal for high traffic sports floors. Offers great traction and a deep shine that lasts. Use Pro-Floor Extreme on your highest profile, heavy wear floors.

Screen Free

Wood floor recoat seal. Allows Pro-Floor Extreme Gym Floor Coating to bond to most wood sports floors without the need to "screen" existing coatings. Traditionally, screening an existing floor coating is required to ensure that the top coat will bond to the existing coating and will not peel or flake off over time. This screening step is labor intensive and expensive when factoring in labor and cost of screens.

Packaging: 4 gallons per case

Part number 905403

Professional Floor Coater

Weighted T-Bar application tool, great for applying finishes fast and uniformly. Available in 24" width. Order refill pads separately.

24 inch coater 829894

24 inch refill 830354

Hi-Trac Cleaner

Hi-Trac is a concentrated, water dilutable cleaner for deep cleaning sealed wood floors. Removes oily residues while maintaining traction with regular use. Does not leave dulling residues. Can be used with a damp mop or auto scrubber and also to tack floors. Use for regular maintenance of wood sports floors.

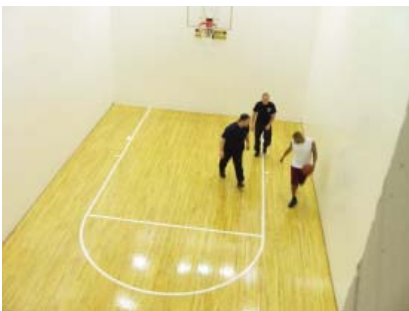

Packaging: 4 gallons per case

Part number 910043

Maintain Your Wood Floors

Proper maintenance of wood floors helps keep them looking good while extending the life of the finish. Equally important on sports floors is to maintain a high traction surface for athletic activities. Hi-Trac is for use with all Multi-Clean wood finishes.
