

# EASY BUDDY™

# Multi-Task™ System

## RTU Dispensing

### Portable RTU Dispensing

The Multi-Task EASY-BUDDY™ System makes dispensing properly diluted concentrates simple and cost effective. The system uses a slim, 10 quart buddy jug that is filled with ready to use cleaner using the Easy-Fill Gun. Once filled, cleaning staff can refill properly labeled secondary packaging directly from the Buddy Jug. The Buddy Jug puts 2.5 gallons of properly diluted solution close to restrooms, lunchrooms, offices, and is easily transported to work sites. Use this system to fill trigger sprayers wherever ready to use solution is needed.

### How to Use

1. Fill Buddy Jug using Easy-Fill gun with one of the Multi-Task product concentrates.
2. Place filled Buddy Jug in the area where refilling secondary containers is convenient.
3. Fill RTU containers as needed via spigot.

**Fill**

**Dispense**

The Multi-Task Easy-Fill Gun fills the Buddy Jug.

Starter kits contain:  
2- Multi-Task products  
1- Buddy Jug  
2- RTU Labels  
Includes free Easy-Fill Gun

909702 - 2 Multi-Shine Glass and Surface  
909703 - 3 Eliminator Spray & Wipe  
909704 - 4 Foamy MAC Restroom Cleaner  
909718 - 18 Odor-Rite Fresh Linen Odor Control
