### **I. Healthy Schools Campaign**

A short powerpoint presentation was shown to discuss the Healthy Schools Campaign (HSC) and their mission to make public schools healthier for students and staff. HSC is a strong advocate for Green Cleaning in Schools and was instrumental in getting the Illinois Green Clean Schools ACT passed into law.

### **II. HSC 'QUICK and EASY GUIDE TO GREEN Cleaning'**

The Quick and Easy Guide to Green Cleaning is a CD ROM with a tremendous amount of great green cleaning information. Each of you that received the Green Cleaning Resource Manual has a copy of this CD under the 'Healthy Schools Campaign' tab. Vince Fagan gave an intro to the guide and some basic background of what is in the guide and how to navigate.

### **III. Assignment for Next Week**

Take a moment to view the CD Rom on your computer to discover some of the useful information contained on this CD. We will be going into more depth on the useful sales tools contained on this CD.
