

# Cleaning Times

**May 2008**

To All of Our Cleaning Times Subscribers:

**Knock OFF is a knock-it-out-of-the-park homerun.**

Knock OFF provides a simple, non-toxic answer to a big headache for cleaning personnel by removing indoor graffiti from surfaces fast and easy. This product does a better job than the smelly and toxic aerosol systems commonly used. Try it and become a believer! To view a literature sheet [CLICK HERE](#).

School custodians deal with the major problem of permanent mark/graffiti on a daily basis. Knock-Off easily removes ink and permanent marker from desks, tabletops, lockers, and restroom walls/partitions. Great for white boards! You have to see it to believe it!

~~~~~

**New literature available**

It is our intent to produce high quality, informative literature to help you sell the Multi-Clean line. We hope you agree that our literature does not take a back seat to the competition. Hot off the press is our new Hard Floor Care brochure ([CLICK HERE](#) to view) and a new Restroom Care brochure ([CLICK HERE](#) to view).

**May is Asthma Awareness Month**

[http://www.epa.gov/asthma/pdfs/awm/facts\\_and\\_resources\\_page.pdf](http://www.epa.gov/asthma/pdfs/awm/facts_and_resources_page.pdf)

Asthma rates, especially among children, are increasing at alarming proportions. This is but another reason why our schools will be looking to go green in the future. Please visit our green educational website to learn more about going green in schools. Visit [www.yourguidetoclean.com](http://www.yourguidetoclean.com).

## Multi-Clean Employee of the Month

Jim Kellar: Graphics Manager

Jim Kellar is a 30 year employee of Multi-Clean and is in charge of our graphics department. From Multi-Clean's printed literature, to advertising, to the design of our container labels, Jim oversees the process of presenting Multi-Clean in the most professional manner. He is also behind the design and content of our websites, [www.multi-clean.com](http://www.multi-clean.com) and [www.yourguidetoclean.com](http://www.yourguidetoclean.com). Jim's hard work and dedication makes him a vital asset to our company.

### ASK THE CHEMIST

**Q.** I am confused about how to get started with a green cleaning program in the facility that I manage. How do I make the transition to green cleaning?

**A.** For the answer, click [HERE](#).
