

The Wave Method Bulletin 1410

Recommended procedures
for restroom cleaning
with the Wave

Century Q 256
Ful-Trole 64
Tropical Fresh
007 Cleaner
Tough Green
Foamy Mac

1 Safety First: place wet floor signs near the entrance to the restroom and wear protective equipment while handling chemicals.

2 Select chemical to be used. Start with disinfectant (Ful-Trole) for urinals and toilets.

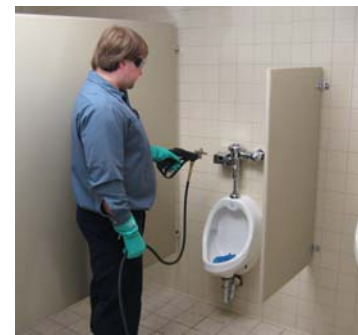

3 Be sure swivel nozzle is set to "S". Start by directing sprayer into toilet and then outside of stool.

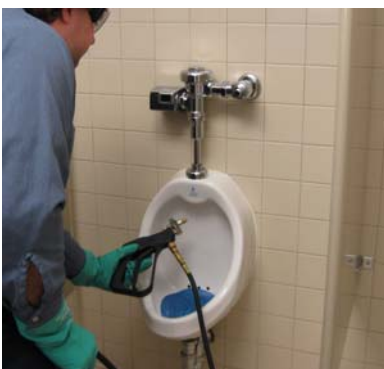

4 Direct sprayer into toilet making sure to spray under the rim.

5 Spray outside of toilet making sure to get behind.

6 Spray outside of urinal.

7 Spray inside of urinal making sure to get under the rim.

8 Select chemical to be used #4 Foamy Mac is recommended for floors, walls, counters, sinks, etc.

9 Spray walls and partitions especially around toilets and urinals working from the bottom up.

10 Spray sinks, counter top and fixtures, spray them lightly.

11 Spray mirrors if desired making sure to squeegee immediately after.

12 Squeegee excess cleaner from counters.

13 Wipe all surfaces dry.

14 Spray floors.

15 Agitate floor under urinal, counter and behind toilet with brush.

16 Set selector valve to rinse and switch nozzle to "R". Rinse urinals, toilets, walls and floors with water.

17 Use floor squeegee to promote floor drying.

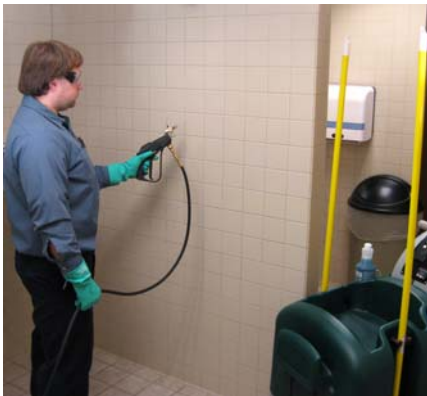

18 Gather tools and supplies and continue to next restroom.

Shower rooms

To remove soap scum and mineral deposits, use the foaming gun attachment with Multi-Task 4 Foamy Mac.

Veterinary clinics

To disinfect and clean animal kennels, use the spray gun attachment with Multi-Task 256 Century Q with a black tip.
