

# Karpetreet II™

## Water Based Carpet Soil & Stain Repellent

KARPETREET II is a water-based carpet protectant that protects carpet from soiling. It is characterized by outstanding dry soil resistance and resistance to many water and oil based liquid staining agents. KARPETREET II has a soil-release property which allows dirt or soil to be more effectively vacuumed out, keeping carpets looking good longer.

KARPETREET II does not contain combustible or odor-causing solvents. It remains stable during prolonged storage, even in the diluted ready-to-use state. Good carpet maintenance - vacuuming and prompt attention to spills - in conjunction with KARPETREET II application will help maintain the original beauty of the carpet over an extended lifetime.

### DIRECTIONS:

1. Apply to clean carpet.
2. On damp carpet, use one part KARPETREET II with two parts water applied at rate of 1 gallon per 200 sq. ft. (1 liter per 5 sq. meters). On dry carpet, use one part KARPETREET II with five parts water applied at rate of 1 gallon per 100 sq. ft. (1 liter per 2 1/2 sq. meters).
3. Apply with clean garden type sprayer - half the solution applied in one direction and half solution in opposite direction to assure total fiber coverage.
4. Work solution into carpet after spraying with a pile brush or shag rake.

KARPETREET II is a water-based carpet protectant that protects carpet from soiling.

### Properties

Appearance .....	Lt. tan opaque liquid, mild odor
pH .....	4 - 5
Specific Gravity .....	1.007 - 1.012
Flashpoint .....	None
Use Dilutions .....	Dilute one part KARPETREET II with 5 parts water for dry carpets (apply at rate of 1 diluted gallon per 100 sq. ft.) or 1 part with 2 parts water for damp carpeting (apply at the rate of 1 diluted gallon per 200 sq. ft.). See label for complete application directions.
Storage Stability .....	Excellent, 1 year normal conditions
Freeze-Thaw Stability ....	Hard freeze renders product unusable

### Packaging

1 gallon, #902153
