

Formula 340

Multi-Purpose Degreaser

FORMULA 340 is an advanced heavy-duty degreaser that combines effective cleaning power with environmental safety. It removes heavy industrial grease and oil deposits from a variety of surfaces quickly including: concrete, metal, painted, plastic, aluminum and other surfaces.

Low Foaming

Formula 340's controlled foam allows automatic scrubbers to operate efficiently.

Use in Part Washers

Formula 340 is a great choice to use in part washers. It's low foam formula prevents foam build-up and cleans any oil/grease from all metal, aluminum or plastic parts without corrosion.

Environmentally Friendly

The biodegradable ingredients used in FORMULA 340 make this a product of the future. It contains no phosphates, solvents or caustics. Instead, a highly active degreasing surfactant is combined with an effective builder system to give high performance cleaning.

FORMULA 340 is buffered to maintain a high pH while cleaning. Extended dilution ratios also make this an economical product in-use.

FORMULA 340 is safe for use on aluminum.

NOTE: Use only on surfaces resistant to alkaline cleaners. Floor finish and other sensitive surfaces may be adversely affected.

Safety First: Rubber gloves and safety eyewear should be used when cleaning by hand.

Environmentally Responsible

Low foam degreaser. Perfect for autoscrubbing concrete floors.

Properties

Appearance	Orange liquid, mild aroma
pH	> 13
Specific Gravity	1.06
Flashpoint	None
Use Dilution: (Concrete)	Heavy soil - 1:32 (4 oz./gal.) Light soil - 1:128 (1 oz./gal.)
Foamability	Low/Moderate
Hardwater Tolerance	Good
Detergency	Very good
Phosphate-Free	Yes
Biodegradability	Excellent
Storage Stability	Excellent, 1 year minimum under normal conditions.
Freeze-Thaw Stability	Will freeze. Agitate after thawing.

Packaging

55 gallon, #910467
5 gallon, #910465
1 gallon, #910463
