

Super Clean Shine

Stone Floor Cleaner

SUPER CLEAN SHINE is a natural soap based cleaner designed for daily cleaning and conditioning of all stone floors. Using Super Clean Shine on stone floors helps retain the natural color and beauty of stone floors. Use with a regular mop and bucket or microfiber cleaning systems.

Safe For Use On

Marble · Granite · Lime Stone · Slate · Pavers · Terra Cotta · Unglazed Ceramic · Travertine · Clay Tiles · Terrazzo · Saltillo Tile · Quarry Tile

Super Clean Shine also works great for cleaning sealed wood surfaces, vinyl, VCT and linoleum and laminate flooring.

Cleaners and Protects

Regular damp mopping with Super Clean Shine leaves an invisible protection that helps repel dirt and oily soils. No rinsing is required. After the initial several applications by damp mopping at a 1:16 (8 oz/gal) dilution, it is used for daily or routine maintenance at 1:32 (4 oz/gal) dilution.

After several mop applications, buffing is optional using a low speed machine with a white polishing pad to enhance luster.

Protects Tile and Grout

Super Clean Shine is also effective for cleaning and protecting quarry tile floors.

Note: If the tile or grout is heavily stained, thoroughly scrub the floor using **Ultra Stripper**, then clean the grout with **Phos-Clean** and rinse.
