

SOAP SCUM & MILDEW REMOVER

Non-Acid Shower Cleaner

Tough on Soap Scum

Soap scum forms when soap residues react with dissolved minerals in water to form an insoluble film. **Soap Scum & Mildew Remover** contains a high powered blend of chelating agents, lime soap dispersants and surfactants to attack, dissolve and disperse soap films and hard water deposits that accumulate over time.

Soap Scum & Mildew Remover is a water-based non-acid cleaner that cleans & dissolves soap scum, mildew and any hard water residue from a variety of surfaces that can accumulate over time.

Surface Safe.

This non-acid formula is safe on all types of surfaces not harmed or damaged by water such as vinyl flooring, terrazzo, glass, formica, fiberglass, stainless steel, porcelain and chrome. It is also recommended for marble and other natural stone surfaces.

Showers & More . . .

Great for cleaning showers, bathtubs and general purpose restroom cleaning. Use on sinks, basins, countertops, partitions, etc. Non-acid formula is safe for chrome and marble surfaces.

Soap Scum & Mildew Remover can be applied by sprayer, sponge or mop. Agitation with a brush or sponge may be required for heavy deposits.

Soap Scum Remover cleans soap scum and mildew from shower stalls, sinks, counters tops, and tubs.
