

X-RAY

All-Purpose Peroxide Cleaner

X-Ray is a ready-to-use all purpose peroxide cleaner. The combination of hydrogen peroxide (H₂O₂) and biodegradable surfactants provides superior cleaning and deodorizing, yet is environmentally responsible. This is a spray n' wipe cleaner for all surfaces found in homes, offices, schools, industry and/or food service.

X-Ray will show you where dirt, grime and germs are hiding,,,just like an X-Ray. Just spray on a surface, and then watch for foam generation. Areas where you see foam being generated is where the germs are hiding and the oxygen is being released to do it's job....clean, brighten and deodorize.

X-Ray can be used for cleaning all water safe surfaces including: tile, grout, sinks, countertops, lunch tables, tub and showers areas, toilets, urinals, sinks, garbage cans....basically any kitchen or restroom surface. Safe for use on porcelain, vinyl, rubber, aluminum, stainless steel, fiberglass, sealed wood, painted surfaces, ceramic, grout, plastic etc. Do not use X-Ray on Marble or any other sensitive surfaces.

X-Ray will clean, deodorize and brighten all in one-step. For areas where foam develops, this is where germs and grime are hiding. Extra contact time may be beneficial to maximize the deodorization and brightning properties of X-Ray.

X-Ray will clean most spots in carpet. Safe to use on olefin, nylon and wool carpets. The peroxide will remove brighten and deodorize spots and stains. Use on pet and beverage stains.

Ready-to-Use Peroxide All-Purpose Cleaner.

Properties

Color	Light Orange Liquid
Odor	Citrus Fragrance
pH	3 - 4 (mildly acidic)
Specific Gravity	1.01
% Hydrogen Peroxide	0.95%
Foaming	Moderate
Detergency	Excellent
Flashpoint	Greater than 210°F
Dilution	Ready-to-Use
Phosphate-Free	Yes
Readily Biodegradable	Yes
VOC Content	VOC Free
USDA Performance Rating ...	C-1
Storage Stability	6 mo. normal conditions (< 90F)
Freeze-Thaw Stability	Passes 3 cycles.

Packaging

Quart case 902388
55 Gallon drum 902387
