

GTS

Foaming Disinfectant Cleaner

Aerosol Cleaner • Germicidal • Tuberculocidal • Staphylocidal

GTS Foaming Disinfectant Cleaner is an advanced foaming cleaner and disinfectant that is one of the most powerful cleaners available. This high foam formula uses unique solvents and surfactants to aggressively clean any surface without abrasives. This will clean and disinfect wash basins, bathtubs, toilet seats, ceramic tile floors, chrome, stainless steel, counters, table tops, stoves, appliances, refrigerators, freezers, woodwork, cabinets, etc. Use in hospitals, clinics, schools, hotels, motels, restaurants or offices. GTS Foaming Disinfectant Cleaner meets USDA standards for C1 type products.

Hospital Grade Disinfectant

***Germicidal • Tuberculocidal • Staphylocidal
Fungicidal • Virucidal • Pseudomonacidal***

GTS Foaming Disinfectant Cleaner is effective against TB, HIV, Herpes Simplex I & II, Influenza A3 Hong Kong, Common Mildew (Mold or Fungi), as well as the hospital trio: Pseudomonas aeruginosa, Salmonella choleraesuis and Staphylococcus aureus.

OSHA Bloodborne Pathogen Act

GTS Foaming Disinfectant meets the requirement of the Bloodborne Pathogen Act and can be used to disinfect blood and body fluid spills in schools, hospitals, industry, etc.

Infectious Hepatitis Virus (HBV)

The United States Occupational Safety and Health Administration (OSHA) in Instruction CPL2-2.44C describes Tuberculocidal disinfectants as "effective against tuberculosis bacteria and the specific viruses names on the product label as well as the Hepatitis B Virus". GTS Foaming Disinfectant can be used to disinfect HBV on pre-cleaned environmental surfaces and objects previously soiled with blood or other body fluids.

Specifications For GTS Foaming Disinfectant Cleaner

Appearance	Colorless foam with lemon fragrance
pH	12.5 - 13.0
Net weight	20 ounces
