

# Energize Plus

## High Gloss Spray Refinisher

### Restores Gloss

Energize Plus is a ready-to-use spray buff/ burnish product that helps restore a beautiful wet-look gloss to floors. A unique blend of polymers, waxes, and solvents help enhance burnish response. Simply apply a light spray onto the floor and burnish immediately until dry.

### SoilShield™ cleans up Competition

Dirt is the natural enemy of high gloss-high traffic floors causing discoloration and dingy appearance over time. SoilShield™ is exclusive technology that makes Energize Plus less compatible with dirt. SoilShield™ means floors clean-up better and look brighter for longer periods of time.

### Designed for Speed

Energize Plus is designed for use in high or ultra high speed maintenance programs to improve appearance and enhance burnishing productivity. The product is particularly well suited for use with cord-electric burnishers. Also, Energize Plus may be used with low speed buffing equipment.

### RTU Convenience

A single quart of Energize Plus will cover up to 25,000 sq. ft. Simply insert a sprayer into the bottle and you are ready to go. Spray a small amount onto the floor then burnish.

**Energize Plus exceeds slip resistance when tested according to ASTM D-2047. (James Machine)**

### Properties

Appearance .....	Milky white
% Active .....	5%
pH .....	9.0 - 9.3
Weight/Gallon .....	8.4 - 8.5
Slip Resistance .....	Exceeds 0.5 static coefficient of friction, James Machine
Color of Dry Film .....	Water clear
Application Temperature .....	50°F minimum
Storage Temperature .....	40°F minimum, 100°F maximum
Storage Stability .....	1 year under normal conditions
Freeze/Thaw Stability .....	Passes 3 cycles

**FOR INDOOR USE ONLY.**

### Packaging

case of 12 quarts,  
904028
