

# StoneShield

## Natural Stone Seal Finish

### Maintain

The natural beauty of marble flooring can be effectively maintained and preserved with the StoneShield™ Marble Floor Care Program.

### Protect

Multi-Clean STONESHIELD is formulated to bond to marble and other natural stone floors to provide effective protection against wear, water, soiling and deterioration.

### Durable

STONESHIELD is a durable, high gloss seal/finish that provides a crystal clear, slip resistant coating which enhances the appearance of natural stone. The water clear, protective coating will not detract from the natural beauty and color of natural stone floors.

### Simple

The STONESHIELD method of application and maintenance is simple. Anyone familiar with standard resilient floor care can use STONESHIELD to achieve beautiful natural stone floors. Costly and labor intensive grinding with specialized equipment and/or the use of strong acids for recrystallizing worn marble is effectively eliminated. The STONESHIELD method will allow marble and other natural stone floors to always be maintained at consistently high levels of appearance.

**STONESHIELD exceeds slip resistance standards when tested in accordance with ASTM D2047.**

### Properties

Appearance .....	Milky, white emulsion
pH .....	9.0 - 9.3
Specific Gravity .....	1.03 - 1.04
Non-Volatile (solids content) ...	21.0 - 22.0
Slip Resistance .....	Exceeds 0.5 min average static coefficient of friction
Coverage .....	1500 - 2500 sq. ft./gallon
Drying Time .....	45 - 50 min (normal conditions)
Minimum Application Temp ....	50°F
Storage Temperature .....	40°F minimum, 100°F maximum
Storage Stability .....	1 year under normal conditions
Freeze - Thaw Stability .....	Passes 3 cycles

**FOR INDOOR USE ONLY.**

**Packaging**  
55 gallon, 904957  
1 gallon, 904953
