

# 950 Bowl Cleaner

## Thickened Acid Bowl Cleaner

### A Superior Performer

950 BOWL CLEANER contains ingredients that effectively attack toilet bowl and urinal problems. 950 Bowl Cleaner contains acid to remove mineral scale, rust and uric acid deposits and detergents that provide superior cleaning power. Will not harm bacteria action of septic systems. Recommended for use in commercial and Industrial buildings, schools, manufacturing plants, public restrooms, hotels & motels etc.

### Contains 9.5% Acid

950 BOWL CLEANER contains 9.5% Hydrogen Chloride (aka: Hydrochloric Acid or Muriatic Acid) making it highly effective and suitable for daily bowl cleaning.

### Clings to Vertical Surfaces

950 Bowl Cleaner is thickened so that it clings to the sides and under the rim of bowls and urinals. This ability to adhere to vertical surfaces allows for better cleaning of surfaces compared to water thin products.

### Safety First!

Always wear rubber gloves and eye protection. Do not mix with bleach or other cleaning chemicals. Do not use on any surface not resistant to acids, such as: marble, terrazzo or natural stone or on chrome fixtures as found in sinks, bathtubs, etc.

### Directions

1. Remove water from bowl by forcing over trap with applicator.
2. Remove excess water from applicator by pressing it against the side of bowl.
3. Pour 1 ounce of toilet bowl cleaner on applicator.
4. Clean entire unit, especially under the rim at water outlets. Allow to remain 10 minutes.
5. Flush and rinse out applicator.

Does not fume up and has a pleasant fragrance. 950 Bowl Cleaner changes color from green to blue as it is applied for easy visual identification of treated surfaces.

### Properties

Appearance .....	Green liquid, floral aroma
pH .....	Less than 1.0
Specific Gravity .....	1.005
Flashpoint .....	None
Viscosity .....	Moderate
Dilution .....	Use straight
Foam .....	Moderate
Phosphate Content .....	None
Acid Content .....	9.5%
Storage Stability .....	Excellent, 1 year under conditions
Storage Temperature .....	40° - 100°F recommended
Freeze-Thaw Stability .....	Excellent, passes 3 freeze/thaw cycles
DOT Shipping .....	ORM D Consumer Commodity
