

Ultra Stripper™

High Performance, Low Odor Stripper

A Powerful Stripper

Ultra-Stripper is able to remove build-up of floor finishes with great efficiency. This highly active stripper cuts even heavily burnished films down to bare floors quickly. Ultra Stripper also works great for deep cleaning grouted tile floors.

A Safer Stripper

Ultra Stripper is safer to use than most conventional strippers. It is non-corrosive, does not contain butyl solvent, and has low odor. Green Seal certification is proof that Ultra Stripper is safer to use and safer for the environment.

A Labor Saver

Ultra-Stripper works great for autoscrub stripping of floors. It effectively attacks and liquefies finishes for easy pickup. Floors are stripped bare the first time, making Ultra Stripper the most cost effective stripper available. The product is also effective at stripping many types of semi-permanent seals.

Certified Floor Care System

Ultra-Stripper is a part of Multi-Clean's Certified Floor Care System, designed specifically for Green Cleaning programs. Ultra Stripper, combined with Clear Essence Seal/Finish and #5 Century Maintenance make up a complete Green Seal Certified Floor Care Program.

This product meets Green Seal's environmental standard for industrial and institutional floor-care products based on its reduced human and aquatic toxicity and reduced smog production potential.
