Stop free pouring of concentrates.

Regulatory requirements

OSHA compliant labeling
SDSs are GHS formatted.

Training Made Easy

Wall guides for procedures.
Method bulletin training guide.
Color and number coded concentrates with
matching secondary bottles.

Multi-Task Dilution Control

The Multi-Task System provides many quality, certified products for your green cleaning needs.

Start-Up package includes:

- Wall mount dispenser
- Trigger sprayers
- Wall training guides
- Method bulletin

Convenience Store Program Products

2 Multi-Shine

Streak-free cleaning of windows, mirrors, and hard surfaces
Use for light cleaning of all surfaces including stainless steel.

One bottle makes 88 quarts of glass cleaner.

70 Tough Green

All purpose cleaner

Great for all types of floors including grouted ceramic tile, vinyl tile. Use to clean table tops.

One bottle makes 68 gallons of cleaner.

64 Millennium Q

Restroom Disinfectant cleaner. EPA registered

Use to clean and disinfect all surfaces including toilets, urinals, counters, sinks, baby changing stations, and floors.

One bottle makes 34 gallons or 136 quarts of disinfectant cleaner.

12 HD Hi-Foam

Non-corrosive food service degreaser.

Attacks grease and fat. Use to clean food contact surfaces prior to sanitizing.

One bottle makes 34 gallons or 136 quarts of degreaser.

Use the squeezable 2-liter bottle to premeasure and pour directly into mop buckets or spray bottles.

Use the Multi-Task Dispenser to dispense into quart bottles or directly into mop buckets.

Use the Multi-Task Easy-Fill Dispenser to dispense into mop buckets or scrubbers.

Food Service

The Multi-Task Sink Station.

This unit automatically dilutes and dispenses concentrated dish soap and sanitizer into three basin sinks. Sink Station dispenses with greater reliability and in a more compact design.

With an all metal manifold and stainless steel housing, this dilution control unit was designed for durability.

Uses super concentrated 15 Power Suds and M-C 10 Sanitizer.

Power Suds

High foaming detergent formulated for hand dishwashing. A blend of biodegradable surfactants are used to attack grease, oil and food particles yet is very mild to your hands.

One gallon of Power Suds makes 257 gallons of dish wash.

M-C 10 Sanitizer

Food Contact No Rinse Sanitizer
USE FOR: Sanitizing of food processing equipment, utensils, and other hard nonporous surfaces. Supplies 200-400ppm active quat.

One gallon of M-C 10 makes 513 gallons of sanitizer.

Bio-Power

Trap and Drains: Effectively maintains flow through drain lines by consuming organic build-up in pipes. Excellent for grease traps. Reduces or eliminates the need to pump traps. Great for restaurants, commercial kitchens, food processing and slaughtering operations, grocery stores, and any facility where food is handled. Effective odor counteractant for drains.

Grill N Oven

A strong clinging gel that will cut through grease, baked on food and built-up carbon residues on grills, ovens and ventilation hoods. The clinging gel provides longer contact time to provide better cleaning power on vertical surfaces.

Bio-Pump

Keep drains and grease traps running and odor free. Programmable pump doses Bio-Power.
