

Top Court

Water Based Wood Finish

Durable Self Crosslinking Finish

Top Court is a water based finish providing extreme durability and traction on all wood gym, racquetball or sports floors. Top Court resists scratching, scuffing, and black marking better and longer than other finishes. Top Court uses a patented polymer added for extra durability. You won't find a product that will hold its shine longer!

Exceptional Clarity and Shine

The clarity of Top Court allows for the natural color and beauty of wood flooring to show. Top Court exhibits a deep shine comparable to oil-based products without darkening the wood. For best performance and gloss retention, maintain Top Court using Hi-Trac at 4 oz per gallon and an autoscrubber equipped with a White Pad.

- Water borne
- Repairable
- One package
- No pot life
- Up to 1000 sq ft coverage
- 3 hour recoat time
- Only 24 hour gym down time
- Low odor

Goes Down Fast and Easy

Top Court is self-leveling and does not bubble or foam like many competitive finishes and goes down fast and easy with the Padco Professional Floor Coater.

Top Court is ready for activity in as little as 24 hours. This means that preparation and coating can be done in a single day, eliminating lengthy downtime.

NOTE: Some parquet floors should not be finished with polyurethane coatings. Check with floor manufacturer before using on parquet floors.

Made With Patented Silanol-Silane Polymer

Properties

Appearance	Milky white liquid
Odor.....	Slight ammonia
pH.....	7.7
% Solids by weight	29%
% Solids by volume	26.8%
Flash Point.....	Above 200°F
Freeze/Thaw.....	3 cycles
Coverage	600-1,000 sq. ft./gallon
Slip Resistance.....	Exceeds 0.5 min. ASTM D2047
Dry Time	3 hours to Recoat 24 hours to resume activity
VOC (as supplied)	2.15 Lbs./Gal. G/L <250
Chemical Resistance:.....	No effect: Ethyl alcohol, Isopropyl alcohol, Coffee, Colas, Soda
T-bar applicator is recommended for application
