***Urine Odors Can't Hide***

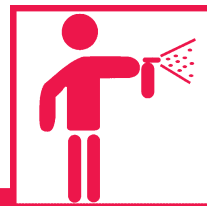

**PP-Gone**  
**Urine Odor and Stain Remover**

- Kills Urine Odors & Stains
- Safe on Hard and Soft Surfaces
- Effective on Blood Stains

# PP-GONE

## Urine Stain & Odor Remover

Multi-Clean PP-Gone is a Peroxide Powered Cleaner that destroys urine odors and stains on hard and soft surfaces. Odors from urine residues send the wrong message to building occupants and visitors. PP-Gone works effectively on both human and animal urine odors and stains.

### Destroy Urine Odors & Stains

Urine odors are caused by uric acid crystals and odor causing bacteria feeding off urine residues. Regular cleaning products including disinfectants and enzyme products are often not completely effective. PP-Gone is specifically formulated to dissolve uric acid crystals and destroy the odor causing bacteria. PP-Gone's peroxide power safely removes urine stains.

### Safe on Hard and Soft Surfaces

PP-Gone is dye free and safe to use on virtually any soft surface including carpet, upholstery\*, bedding, mattresses and clothing. On hard surfaces, PP-Gone is highly effective on tile and porous grout.

### Multiple Uses

While formulated for Urine Odor Removal, PP-Gone is also an effective all purpose cleaner for nearly all restroom surfaces. It also is an exceptional carpet stain remover for a variety of biological stains.

### Where to Use

**Hard Surfaces:** Tile, Grout, Urinals and Toilets, Alley ways and dumpsters, Animal urine areas.

**Soft Surfaces:** Bedding and Mattresses, Carpet and Upholstery\*, Laundry Pre-Treatment.

Follow these simple steps:

#### Soft Surfaces

1. For visible stains, generously spray the stain slightly beyond the stain area.
2. Allow to stand for 2- 5 minutes. Lightly blot stain area with a soft cloth, rinse with water.
3. Let air dry. Stain Removed!

#### Hard Surfaces

1. Spray PP Gone around the base of toilets, below urinals on walls and floor area after cleaning.
2. Allow surface to air dry, usually about 5 minutes.
3. Repeat this process daily to prevent odors or until odors are gone.

\*On upholstery, test on inconspicuous area first.

### Properties

Color .....	None, dye free
Odor.....	Fresh Fragrance
pH.....	3 - 4
Specific Gravity.....	1.01
% Hydrogen Peroxide.....	2-4%
Foaming.....	Moderate
Detergency .....	Excellent
Flashpoint.....	Greater than 210°F
Dilution.....	Ready-to-Use
Phosphate-Free.....	Yes
Readily Biodegradable .....	Yes
VOC Content.....	VOC Free
USDA Performance Rating.....	C-1
Storage Stability .....	6 mo. normal conditions (< 90°F)
Freeze-Thaw Stability.....	Passes 3 cycles.
VOC Compliant - VOC Free
