Tri-Fecta is a bio-enzymatic cleaner that effectively cleans and consumes with deodorizing action. The fresh mint fragrance leaves everything smelling fresh and clean.

**Cleans**

Tri-Fecta is a powerful all purpose cleaner that can be used on virtually any surface not harmed by water. Use on all types of hard surfaces including grouted tile, ceramic, quarry, marble, slate, granite, formica, polished concrete, vinyl, VCT, linoleum, rubber, and laminate.

**Freshens**

Tri-Fecta can be used to freshen and clean odor-causing soil on hard and soft surfaces. Apply diluted product directly on odor-causing soil to freshen surfaces. Use on surfaces that harbor malodors including carpets*, draperies*, furniture*, soiled linens, garbage cans, dumpsters, drain traps, porous tile and grout, concrete and more.

**Consumes**

Tri-Fecta is a bio-enzymatic product with microbial cleaning action. Each gallon of solution contains billions of beneficial microbes to help clean and consume waste and eliminate odor-causing soil. Use to clean foul odor-causing soil from urine, vomit, feces, sweat, food waste, smoke and animal odors.

Tri-Fecta Bio-Enzymatic Cleaner is great for cleaning floors and other surfaces that may harbor odor-causing soil. Use in schools, hospitals, vet clinics, restaurants, office buildings and more.

Multi-Task Dispensing System
The unique patented Multi-Task container gives you dilution flexibility.

**Secure Dispensing**
Accurately dispenses two or more products from the Multi-Task wall mount dispenser at the touch of a button.

**Squeeze and Pour**
No equipment required. Simply squeeze the container to measure the desired amount.

**Easy-Fill Gun**
Dilutes product at 2.5GPM into RTU container, mop bucket or autoscrubber.

**Flex-4**
Wall mount, four product dispenser, dial in and press button.

This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

Tri-Fecta
Bio-Enzymatic
All Purpose Cleaner

Tri-Fecta is a bio-enzymatic all purpose product with microbial cleaning action. Each gallon of solution contains billions of beneficial microbes to help clean and consume waste and eliminate odor-causing soil. Use to clean foul odor-causing soil from urine, vomit, feces, sweat, food waste, smoke and animal odors.

**Properties**

- Appearance .................. Blue liquid
- Fragrance ....................... Fresh mint
- pH .................................. 5-6
- Specific Gravity .................. 1.00
- Flash Point .......................... None
- Foam ............................... Moderate
- Hard Water Tolerance .......... Excellent
- Rinsability ....................... Excellent
- Storage Stability .............. 1 year under normal conditions
- Freeze - Thaw Stability ....... Passes three cycles
- Microbe Count .................. 208 billion cfu/gallon (5.5 x 10^7 cfu/ml)
- Enzymes Produced .............. Cellulase, Protease, Amylase, Lipase, Urease

*Do not use with any other chemicals, especially bleach, ammonia or alkaline cleaners.*

Use good safety practices: wear rubber gloves and safety goggles when handling cleaning products.

Disposal: waste from normal cleaning procedures may be sewer depending on the materials being cleaned as well as state, federal and local sewer commission regulations.

**Packaging**

4 x 2 liter Bottles 908962

**Directions**

Dilute with cold water only. For light duty cleaning, mix 1 oz./gallon (8 ml/liter). Apply to surface using mop, clean cloth or sponge. Agitate and rinse with water.

Personal Protective Equipment: Wear safety goggles, and gloves when using this product.

Disposal: waste from normal cleaning procedures may be sewer depending on the material and/or contaminants being cleaned as well as state, federal, and local sewer commission regulations.

**Quick Guide**

**Dilution** .................. 1:64
Squeeze n Pour ................. 1/2 oz (15 mL) per quart of water
Squeeze n Pour ................. 2 oz (59 mL) per gallon of water
Yield per 2 liters ................ 34 Gallons RTU
Yield per 2 liters ................ 136 Quarts RTU

**Uses**

Tri-Fecta Bio-Enzymatic Cleaner is great for cleaning floors and other surfaces that may harbor odor-causing soil. Use in schools, hospitals, vet clinics, restaurants, kitchens, office buildings and more.

**Surfaces**

Floors, walls, countertops, fixtures.

**Equipment**

Mop, micro fiber mop, sponge, cloth.

Use good safety practices: wear rubber gloves & safety goggles when handling cleaning products.
Product training

Training document includes:
- step-by-step instructions for use and dilution
- consequences of improper use or improper dilution
- disposal of empty package and unused product
- use and maintenance of equipment
- recommended PPE

Training document includes:
- contaminants being cleaned as well as local, state and federal sewer regulations.

- Waste from normal cleaning procedures may be disposed of in a sanitary sewer depending on the material and/or contaminants being cleaned as well as state, federal, and local sewer commission regulations.

- Material that cannot be used during normal use should be disposed of in accordance with all applicable local, state and federal regulations.

Precautions

Product should not be used in patient areas of hospitals. Immune-compromised individuals should avoid exposure to products containing microorganisms from both direct use and incidental contact during or shortly after application, especially when the treated areas are still wet. Contact with open cuts or sores should be avoided. Users should wash hands after using this product. Microorganisms may not be effective in the presence of antimicrobial agents such as chlorine bleach. This product shall not be used on food-contact surfaces. Products containing microorganisms should not be sprayed directly into the air.

El producto no debe ser utilizado en áreas de pacientes de los hospitales. Individuos inmunocomprometidos deben evitar la exposición a productos que contienen microorganismos tanto de uso directo y el contacto incidental durante o poco después de la aplicación, sobre todo cuando las áreas tratadas están todavía húmedas.

Le contact avec des plaies ouvertes ou des plaies doit être évitée. Les utilisateurs doivent se laver les mains après l'utilisation de ce produit. Les micro-organismes peuvent ne pas être efficace en présence d'agents antimicrobiens tels que l'eau de Javel. Ce produit ne doit pas être utilisé sur surfaces. Products contact avec les aliments contenant des micro-organismes ne devrait pas être pulvérisé directement dans l’air.

First-Aid Measures:

Ingestion: If Swallowed: Drink several glasses of water and call a physician immediately. Induce vomiting only advised by physician or poison control center. Eye Contact: Flush eyes with running water for at least 15 minutes. Have eyes examined by a physician. Skin Contact: Flush thoroughly with cool water. Remove and wash contaminated clothing before reuse. Inhalation: Move to fresh air.

Disposal

Material that cannot be used during normal use should be disposed of in accordance with all applicable local, state and federal regulations. Waste from normal cleaning procedures may be disposed of in a sanitary sewer depending on the materials and/or contaminants being cleaned as well as local, state and federal sewer regulations.
