- Can also be used for Pre-Spray

# Carpet Spotter

## Multi-Purpose Carpet Spotter

CARPET SPOTTER is a versatile spot and stain remover for a wide variety of spots and stains. It is formulated with an advanced blend of solvents, builders and surfactant to remove many common spots found in carpets. CARPET SPOTTER uses bio-degradable surfactant, non-butyl solvent and is phosphate free.

### Cleans Variety of Spots

CARPET SPOTTER can be used on greasy traffic smudges, shoe polish, India ink, fruit juices, various greasy and oily stains, miscellaneous stains and many common spots that occur on commercial carpeting. It loosens spots for quick removal and does not leave a sticky residue behind to cause resoiling.

### Safe for all Carpet Types

CARPET SPOTTER is safe for use on most carpeting, including commercial and residential nylon, wool and polypropylene.

**General purpose alkaline spotter for removing greases, oils, traffic spots and other assorted spots.**

### Properties

Color .....	Blue Green, Fresh Fragrance
pH .....	9.8
Specific Gravity.....	1.002 - 1.007
