Cohesion Intensity

Recoat Prep

The Cohesion Floor Care Program is a new generation system designed to reduce maintenance. Use Cohesion Intensity with an appropriate surface prep pad to remove layers of old finish and prepare for re-coating.

Re-Coating with no stripping

Prep floors for recoating with Cohesion Intensity in an automatic scrubber equipped with a surface prep pad*.

How it Works: Mix Cohesion Intensity in your scrubber at a rate of 2 oz per gallon of water. Equip the scrubber with a recommended surface prep pad. Scrub the entire floor using a generous amount of cleaning solution. Hand scrub corners and edges. Rotary or orbital action scrubbers both work exceptionally well.

TIP: Change the surface prep pad regularly to obtain best results. Flip the pad every 5000 sq ft and change the pad after scrubbing 10,000 sq. ft.

Multi-Task Dispensing System

The unique patented *Multi-Task* container gives you dilution flexibility.

Secure Dispensing

Accurately dispenses two or more products from the *Multi-Task* wall mount dispenser at the touch of a button.

Squeeze and Pour

No equipment required. Simply squeeze the container to measure the desired amount.

Easy-Fill Gun

Dilutes product at 2.5GPM into RTU container, mop bucket or autoscrubber.

Flex-4

Wall mount, four product dispenser, dial in and press button.

Directions

Mix Cohesion Intensity in your scrubber at a rate of 2 oz per gallon of water. Equip the scrubber with a recommended surface prep pad. Scrub the entire floor using a generous amount of cleaning solution. Hand scrub corners and edges. Rotary or orbital action scrubbers both work exceptionally well.

TIP: Change the surface prep pad regularly to obtain best results. Flip the pad every 5000 sq ft and change the pad after scrubbing 10,000 sq. ft.

Packaging
4 x 2 liter Bottles
908632

Properties

Appearance Light amber, low viscosity liquid
 Specific Gravity..... 1.04
 pH..... 10.5-11.5
 Foamability High
 Hardwater Tolerance Very good
 Rinsability Very good
 Perfume None
 Phosphate-Free..... Yes
 Storage Stability Excellent, 1 year under normal conditions
 Freeze-Thaw Stability..... Passes 3 cycles
 VOC Compliant - VOC Free.

Please Recycle Container
 Recicle por favor el envase
 Veuillez réutiliser le récipient

Disposal: waste from normal cleaning procedures may be sewerred, depending on the materials being cleaned as well as state, federal and local sewer commission regulations

Quick Guide

Dilution 1:64

Squeeze n Pour.....2 oz (59 mL) per gallon of water, *Normal*
 Squeeze n Pour.....8 oz (237 mL) per gallon of water, *Heavy Duty*
 Yield per 2 liters.....34 Gallons RTU

Uses

Use for deep cleaning re-coat prep prior to application of finish.

Surfaces

VCT, terrazzo.

Equipment

Auto scrubber, rotary or orbital floor machine.
 Surface prep pads.

Restrictions

Use good safety practices: wear rubber gloves & safety goggles when handling cleaning products
