

The Best Just Got Better

New Technology That Makes Floors Look Better and Last Longer

Introducing the
new BMR polymer
technology

Multi-Clean®
Your Guide to Clean

Floor Care Technology

Extended Wear

Maximum durability, no buffing required

Ideal for:

Schools, hospitals, nursing homes

Premier

Durable
Easy to apply
Quick dry
20% solids

Versatile

Exceptional performance in any maintenance program

Ideal for:

Schools, convenience stores, hospitals, nursing homes

Splendor

Durable
Levels great
Quick dry
19% solids

High Speed Burnish

High speed and UHS maintenance

Ideal for:

Grocery, malls, drug stores, department, discount stores.

Dyno-Shine

High gloss
Easy to apply
22% solids

Multi-Matte

Low gloss
Quick dry
15% solids

Decade 100

High gloss
Easy to apply
Soil Shield
25% solids

Max Plus

Easy to apply
Great gloss
30% solids

Multi-Clean Finishes Exceed Slip Resistance Standards

All Multi-Clean finishes exceed the requirements for slip resistance established by ASTM Standard D2047.

Emerald

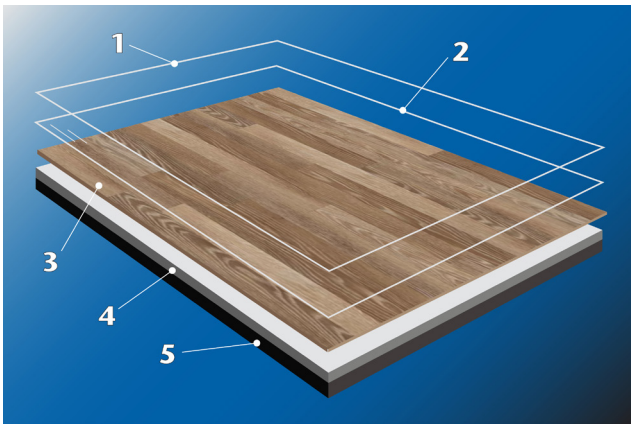

Green Seal
Easy to apply
20% solids

Luxury Vinyl Tile Maintainer

Luxury vinyl tile (LVT) is a popular commercial option in today's flooring market. While its popularity is at an all-time high, there are limits to its capabilities. Luxury vinyl tile is designed to replicate flooring materials such as stone or wood. Available in planks or tiles, LVT uses a realistic photographic print layer and a clear vinyl layer that allows for a wide variety of designs.

The tiles are constructed of the layers in this graphic.

- 1 Wear layer – polyurethane UV cured coating.
- 2 Laminate layer provides a seal for the print layer.
- 3 Print layer that looks like wood, ceramic or stone.
- 4 Fill layer – Stability layer for indentation resistance.
- 5 Backing layer – Sound absorbing layer with textured grip.

Zyme-X

LVT tile degreaser/cleaner

- All purpose
- Enzyme fortified
- Item number 902088

Endura-Shine

LVT tile rejuvenator

- Fast drying
- Rejuvenates wear layer
- Leaves no sticky residue
- Item number 902393

Finishing Material As to
Slip Resistance Only 18EL

BMR Polymer Technology

Each Multi-Clean floor finish is designed with the BMR Technology that repels scuffs and black heel marks. Floors become easier to maintain and look their best.

Advances in Finishes

Simulating the impact of shoes walking on a floor, Multi-Clean chemists use a Snell Capsule to aid them in developing better finishes.

Support Products

Seals

Seals are designed to fill the pores of resilient tile and terrazzo floors and provide a base for floor finish.

Acryl-Kote®

This 17% metal cross-linked seal provides a foundation for all Multi-Clean finishes.

StainLess Seal

This revolutionary, semi-permanent seal resists stains that penetrate normal seals and finishes.

Finish Strippers

Stripping floors is a labor intensive task. Using Multi-Clean high performance strippers helps remove multiple coats of finish fast and efficiently.

Ultra Stripper

Our safest stripper. Non-corrosive and low odor. Ultra Stripper also works great for deep cleaning grouted tile floors. Green Seal certified.

Stampede

An economical, yet powerful, fast acting floor finish stripper. Low odor.

Fire-Storm

The hottest stripper for fast removal of multiple layers of finish. Lemon fragrance.

Maintenance Products

Cleaners and restorers are used to keep floors looking good by removing soil and keeping a high gloss appearance.

R.S.B. Restore/Spray/Burnish

A versatile high speed restorer for mop-on or spray application. Enhances burnish response, restores brilliant gloss and fills in scratches.

8 Cohesion SBR Scrub-Burnish-Restore

An autoscrubber restorer that cleans and preps for burnishing. Use on resilient tile, sealed wood, terrazzo, marble, concrete, and quarry tile floors.

Energize Plus

A ready-to-use spray maintainer designed for high speed burnishing to quickly restore gloss. Apply a light spray onto the floor and burnish immediately until dry.

Century Maintenance

Neutral pH cleaner for any floor maintenance program. Does not leave a film, no extra rinse step needed. The excellent wetting and surface tension reduction allows Century to be used as an effective rinse aid after stripping.

Blue Blazes

Use for all types of floors not harmed by water such as asphalt tile, rubber tile, vinyl and vinyl composition, linoleum, terrazzo, concrete, sealed wood, marble, ceramic and quarry tile. Apply by mopping, spraying or through an automatic floor scrubber. Use as a scrub and recoat cleaner. USDA C-1.

Green Seal Product

These products meet Green Seal™ environmental standard for industrial and institutional cleaners based on its reduced human and environmental toxicity and reduced volatile organic compound content.
