

# FOAMY MAC<sup>®</sup>

## Foaming Restroom Cleaner

**Foamy MAC** (Mild Acid Cleaner) Foaming Restroom Cleaner is an advanced foaming cleaner formulated to cling to surfaces when sprayed with a foaming trigger sprayer or a foam gun. Foamy MAC will clean soap scum, mineral deposits, lime or grease off of all acid resistant surfaces including: ceramic tiles, grout, drinking fountains, steam tables, wash basins, shower stalls and bathtubs. Safe for use on chrome fixtures.

### Safe to work with

Contains a low pH Organic Salt which is non-corrosive to skin, yet is more effective than phosphoric acid, citric acid, sulfamic acid or acetic acid for removing mineral deposits, soap scum or rust stains.

### Directions

Always dilute with cold water. For daily restroom cleaning dilute at 1:16 (8 oz/gal, 60 mL/L). For removal of heavy mineral deposits dilute at 1:8 (16 oz/gal, 120 mL/L). Let sit for a few minutes to dissolve mineral deposits, soap scum, rust stains, dirt and grime. Rinse with fresh water. *Do not use on marble, terrazzo or natural stone.*

### Restroom Cleaning Machines

Use 2oz/gal when used with spray and vac restroom cleaning machines.

### Environmentally Responsible

FOAMY MAC contains biodegradable surfactants, acid safe technology, and is not formulated with VOC's, butyl, petroleum derived solvents, NPE's or phosphates.

This product meets Green Seal<sup>®</sup> Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on VOCs and human & environmental toxicity. GreenSeal.org.

Use good safety practices: wear rubber gloves & safety goggles when handling cleaning products.

**Disposal:** Waste from normal cleaning procedures may be sewered, depending on the materials and/or contaminants being cleaned as well as state, federal and local sewer commission regulations.
