Multi-Clean Restroom Care

Maintaining restrooms in a condition that is consistently clean and free of odor is always a challenge. Multi-Clean offers a full line of restroom care products to help achieve clean, sanitary restrooms. Choose from the economical **Concentrate Method** or the **RTU Convenience Method** to fulfill all of your restroom cleaning needs or use a combination of products.

Selecting the right products and methods are dependent on many factors including restroom traffic, cleaning frequency, level of appearance desired, availability of products and the users of the cleaning products.

Concentrated Restroom Cleaners

Toilets, Urinals	<ul style="list-style-type: none">• 64 Millennium Q Disinfectant cleaner (1:64)• Multi-Task 64 Millennium Q Disinf./Cleaner (1:64)• Foamy MAC Restroom Cleaner (1:16)• Multi-Task 4 Foamy MAC Restroom Cleaner (1:16)

Multi-Clean Restroom Care

Step By Step Restroom Sanitation

1. Evacuate toilet bowl. Apply Bowl Cleaner to interior and under rim of toilet bowls and urinals. Move to Step 2. (Do not flush.)
2. Empty trash, wipe out receptacles as needed.
3. Sweep floor.
4. Restock supplies, toilet tissue, towel dispensers. Refill soap dispensers with soap.
5. Clean the exterior of all dispensers, hand
6. dryers, fixtures and baby changing stations, etc. Lightly spray surface with selected disinfectant, then wipe with a clean cloth.
7. Clean sinks, porcelain surfaces and chrome with selected disinfectant cleaner.
8. Clean walls and partitions especially near stools and urinals.
9. Clean mirrors with selected glass cleaner using lint free cloth.
10. Return to toilets/urinals, spray exterior porcelain surface and fixtures with selected disinfectant cleaner and wipe.
11. Swab interior surfaces with bowl mop, then flush.
12. Damp mop floor with 64 Millennium Q.

Special Cleaning Task Tips

- Tip:** For removing hard water scale around faucets and other chrome fixtures use **Foamy MAC®**. Do not use acid products on marble surfaces!
- Tip:** For grouted tile floors that are stained, **Phos-Clean** can be used to clean grout. Apply to floor, scrub with an aggressive brush. Pick up solution, rinse.
- Tip:** For heavily stained or rusted bowls use **2300 Bowl Cleaner**.
- Tip:** Most bowls and urinals can be cleaned on a daily basis with a non-acid product such as **Fresh 100** or **64 Millennium Q**. An acid product such as **950 Bowl Cleaner** or **Phos-Clean** can be used intermittently as needed or once a week.
- Tip:** To keep restrooms smelling clean and fresh apply **Fresh 100** to a paper towel and put in waste basket. The fresh scent will linger all day long and deodorize the waste basket at the same time.

Selecting a Bowl Cleaner

		<u>Acid</u>	<u>How Often</u>	
Fresh 100	Non-Acid	RTU	Non-Acid	Daily
64 Millennium Q	Disinfectants	1:64	Non-Acid	Daily
950 Bowl Cleaner	Hospital Grade	RTU	9.5% Acid	Weekly
2300 Bowl Cleaner	Hospital Grade	RTU	23% Acid	Infrequent
Phos-Clean	Acid Cleaner	RTU	20% Phosphoric	Weekly

Liquid Hand Soap

Pink Hand Cleaner - Economical

Contains lanolin & Aloe.
 1 Gallon 910143

Easy-Fill Gun

Part 421720
Use with any hose.
Fill quart bottles or mop buckets
with any Multi-Task product.

U-Fill Sprayer Gun

Part 421750
Attached to a garden hose.
Creates spray when using 2 Multi-Shine.

U-Fill Foaming Gun

Part 421740
Attached to a garden hose.
Creates dense foam when
using 4 Foamy MAC.

DuoFill

Part 421560
Easily and accurately dis-
penses concentrated restroom
cleaners into spray bottles or
mop buckets.

Flex 4

Part 421440
This unit accurately dispenses
4 high performance con-
centrates with the push of a
button.

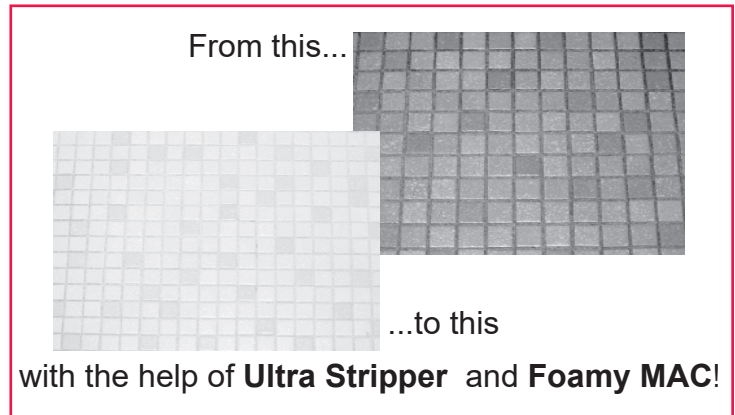

Cleaning and Restoring Tile and Grout

One of the biggest challenges in keeping a restroom looking and smelling clean and fresh is keeping tile and grout clean. The procedures below will allow you to clean and restore your tile and grout back to it's original colors. Sealing will allow the grout to stay clean and easy to maintain, making the whole restroom clean.

Phase 1, Cleaning/Restoring Grout

A) Apply Ultra Stripper, diluted 1:8 (16 oz/gal.). Let solution sit for 5-10 minutes. Scrub floor with a stiff brush or floor machine, autoscrubber or Minuteman Port-A-Scrub using nylo-grit brushes that will get into the grouted areas of the tile floors. Pick up spent solution.

B) Apply Foamy MAC, use straight or dilute up to 1:8, depending of level of dirt. Let solution sit on floor for 5-10 minutes. Scrub floor with a stiff brush or floor machine, autoscrubber. Pick up spent solution. Rinse floor thoroughly with fresh water and let dry.

Phase 2, Sealing and Protecting Grout

Pour a small quantity of seal onto floor. Spread evenly with applicator or squeegee and work seal into the grout. Allow seal to soak into the grout and dry for one hour before reopening to traffic. Wipe ceramic tiles with damp cloth to remove any residue.

Re-apply as needed, generally every 6 to 12 months.

Proven Grout Cleaning Products

Foamy MAC is an effective 2nd step at bringing grout back to it's original color. It cleans soap scum, mineral deposits and rust stains from all surfaces.

Ultra Stripper has proven itself very effective at deep cleaning dirt, grease and any residual floor finish on ceramic tile and grout commonly found in restrooms.

Both Ultra Stripper and Foamy MAC meets Green Seal's environmental standard for industrial and institutional floor-care products based on its reduced human and aquatic toxicity and reduced smog production potential.

Multi-Clean® Restroom Products

950 Bowl Cleaner is a thickened hydrochloric acid toilet bowl cleaner that cleans and removes hard water scale. Its lower acid level (9.5%) is effective, yet does not emit the high level of vapors associated with higher acid products.

2300 Bowl Cleaner is a heavy-duty, 23% hydrochloric acid cleaner for extra tough cleaning, and descaling. It is used in areas of hard water or infrequent cleaning, to clean, and descale in one step.

128 E-Fecticide Disinfectant Cleaner is a hospital grade, neutral pH, fast kill, disinfectant cleaner that can clean and disinfect in one step. Effective against a broad spectrum of bacteria, virus's, fungi, mold & mildew, including HIV, HBV, HCV, MRSA, VRE. EPA Registered.

Fresh 100 Non-Acid Bowl Cleaner is a non-acid, toilet bowls and urinals and other surfaces where one-step cleaning. Its viscous formula clings to vertical toilet bowl and urinal surfaces. Fresh, pleasant aroma.

64 Millennium Q Disinfectant Cleaner is a virucide, fungicide and deodorizer. It both cleans and disinfects in one convenient step. 64 Millennium Q is a total restroom sanitation product, used to clean floors, walls, fixtures, sinks, etc. Available in lemon & floral scent. Dilution 1:64 (2 oz./gal). Also available in our Multi-Task system. EPA Registered.

Foamy MAC® is a safe acid cleaner formulated to remove hard water scale and soap scum from surfaces, such as chrome fixtures, showers, walls, floors, etc. It can also be used to clean ceramic tile grout. Foamy MAC is Green Seal Certified as environmentally safe.

Microcide TB Disinfectant Cleaner is a ready-to-use cleaner/disinfectant. It is used in a spray bottle to disinfect walls, partitions, fixtures, sinks, countertops, etc. EPA Registered.

Multi-Shine Glass & Surface Cleaner is used to clean most glass surfaces, including washroom mirrors, light fixtures and other glass surfaces.

Phos-Clean Bowl and Tile Cleaner contains 20% Phosphoric Acid. Use to remove hard water deposits, scale, rust or stains from toilet bowls & urinals as needed. Great for cleaning tile grout too.

Multi-Scrub Creme Cleanser is an advanced cleaner formulated with a unique blend of surfactants, brighteners and mild abrasives that work together to achieve superior cleaning performance. Removes stubborn spots, soap-scum, grease and grime on all scratch resistant surfaces. Use on ceramic tiles, grout, drinking fountains, steam tables, sinks, counter tops, wash basins, shower stalls, bathtubs, toilet bowls, urinals, and any surfaces not harmed by mild abrasives.

Stainless Steel Cleaner, formulated to polish and clean stainless steel surfaces and removes fingerprints, oils, dirt, water spots, and other residue. It is effective on chrome, brass, sealed wood, etc. Stainless Steel Cleaner will leave a streak-free shine without oil residue that most polishing products on the market have.
