24 hours to resume activity
VOC (less water).....<250 g/L
Chemical Resistance....Ethyl Alcohol, Isopropyl Alcohol, Vegetable Oil, Coffee, Soda
Weighted T-bar applicator is recommended for application
Country of Orgin.....United States

Goes Down Fast and Easy

Top Court Plus is self-leveling and does not bubble or foam like many competitive finishes and goes down fast and easy with the Padco Professional Floor Coater.

Top Court Plus is ready for activity in as little as 24 hours. This means that preparation and coating can be done in a single day, eliminating lengthy downtime.

NOTE: Some parquet floors should not be finished with polyurethane coatings. Check with floor manufacturer before using on parquet floors.

Black Mark Resistant

PFAS FREE PFAS FREE · COMPLIANT VOC COMPLIANT · Made in the USA · BMR Black Mark Resistant

Durable Self Crosslinking Finish

Top Court Plus is a water based finish providing extreme durability and traction on all wood gym, racquetball or sports floors.

Resists scratching, scuffing, and black marking better and longer than other finishes.

Uses a patented polymer added for extra durability. You won't find a product that will hold its shine longer!

This technology provides an advanced level of innovation:

- Resistant to Scratches
- Long Lasting Shine
- Strong & Durable
- PFAS Free

Advantages

- Exceptional coverage – 600-1000 Sq Ft per 1 Gallon
- One product, simply pour and apply.
- Simple, dust-free preparation – no sanding or screening necessary
- Self cross-linking removes the necessity for catalysts, adhesives, or heavy metals.
- Use floor the next day
- Long lasting finish
- n-MP-free
- VOC and PFAS Compliant
